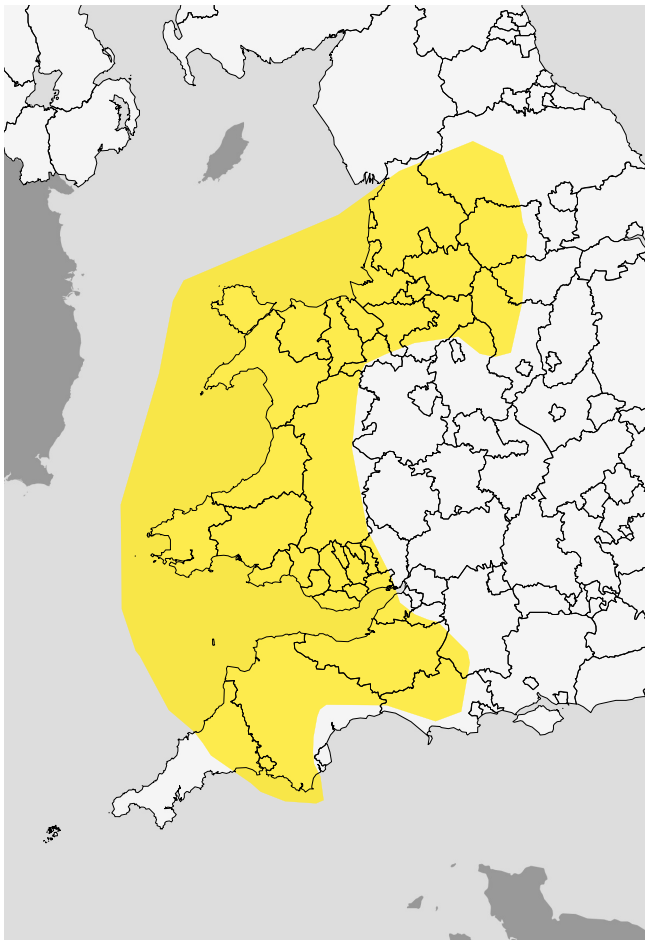
Yellow warning
Rain

Between
18:00 Sat 28 Sep 2019 and
17:00 Sun 29 Sep 2019



Heavy rain over parts of Wales and parts of England during Saturday night and into Sunday with flooding in places.

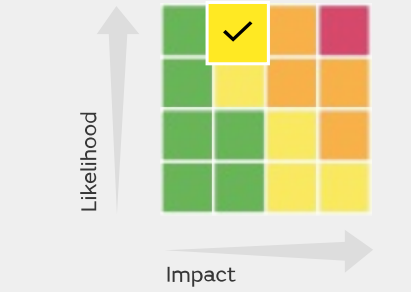
What to expect

- A few homes and businesses flooded
- Spray and flooding on roads will make journey times longer
- Bus and train services affected with journey times taking longer
- Some interruption to power supplies and other services

Further details

An area of persistent, heavy rain will arrive from the southwest by Saturday evening before moving east overnight and through Sunday. The rain should clear from the southwest on Sunday morning but will persist over parts of north Wales and northern England through much of Sunday.

Through the period many parts of this area will see 20 to 30 mm of rain.



✓ High likelihood of low impacts

Yellow warning
Rain

Between
18:00 Sat 28 Sep 2019 and
17:00 Sun 29 Sep 2019

Further Details (continued)

Where the heaviest rain will fall remains uncertain but there is the potential for 30 to 40 mm of rain to fall within a few hours in places as well as 60-70 mm over the higher ground of Dartmoor, Wales and the Peak District.

The rain will be accompanied by strong winds with 35-40 mph gusts likely quite widely, and to 50 mph over coasts and hill tops in southwest England and Wales.

Reason for update

Change to warning to exclude parts of the northern Pennines and to include a larger part of southwest England (eg Mendips). The likelihood has also been increased to high.
